

## SUMMARY

As a Software Developer, I merge creativity with technical expertise to design visually stunning and highly functional digital experiences. My background in photography enhances my design sensibilities, allowing me to create interfaces that are both aesthetically pleasing and user-friendly. I focus on combining beauty with functionality to deliver immersive and impactful digital solutions.

## EDUCATION

### Landmark University, Omu-Aran.

BEng in Electrical and Information Engineering,  
Landmark University, 2021

### Community Secondary School Asokoro

West African School Leaving Certificate (WAEC),  
2015

## SKILLS

- HTML
- CSS
- JavaScript
- React.js
- GIT
- Tailwind CSS
- Project deployment skills
- Design Implementation
- Familiarity with modern web development practices and standards.
- Research Skills
- Communication skills
- Ability to work independently or with a team.

## CREDENTIALS

- Original Credentials available upon request.

## PROFESSIONAL EXPERIENCE

### Freelance Software Developer

December 2023 - Present

- Develop and maintain responsive web applications using HTML, CSS, JavaScript, and React.js
- Design and develop user interfaces that are visually appealing and intuitive to use.
- Implement responsive design principles to ensure optimal performance across all devices.
- Conduct thorough testing to identify and fix any bugs or issues.
- Stay updated with the latest trends and technologies in frontend development to continuously improve my skills and deliver cutting-edge solutions.

### Junior Site Engineer, Federal Ministry of Aviation, Nigeria

November 2022 - October 2023

- Assisted senior engineers in the planning and execution of site projects
- Conducted site inspections to ensure compliance with safety regulations and quality standards

### Technical Engineer, Julius Berger Nigeria

November 2021 - June 2022

- Managed technical documentation and reports for engineering projects
- Provided technical support for construction activities, ensuring adherence to specifications

### SIWES, Julius Berger Nigeria

January 2019 - June 2019

- Assisted in the design and implementation of electrical systems.
- Conducted tests and inspections to ensure equipment functionality and safety.
